

## II - 3. Working around openings

1. Is there a handrail at a height of at least 90 cm?  
Is there a toeboard?
2. Are there signs warning of the opening?
3. Is the area around the opening kept tidy and in order?
4. Has an appropriate area been selected for lifting and receiving loads?
5. Do you avoid performing multi-layer work?
6. Are safety barricades in place?
7. Are safety belts used when receiving objects?
8. Are you using a guide rope for long objects?
9. Is there an operations leader directing rigging work?
10. Are workers performing rigging work licensed to do so?
11. Has a horizontal safety net been installed?
